Competition Information

Map and terrain description:

Sprint		
Scale & Contour Interval	Map size (cms)	Sample of the map
1/5 000 5m	30x21	

Mixed forest, high density of paths and a motocross circuit, low relief, in some areas due to the density of paths not all will be in the map and some times in reduced symbol to show more, wide areas with high visibility. Before last control a small path need to be taken where a small obstacle will be over crossed (Rideable).

Start procedure for Sprint

SIAC-clear is found outside start boxes.

There are 3 start boxes, in which you enter 3 minutes before time start.

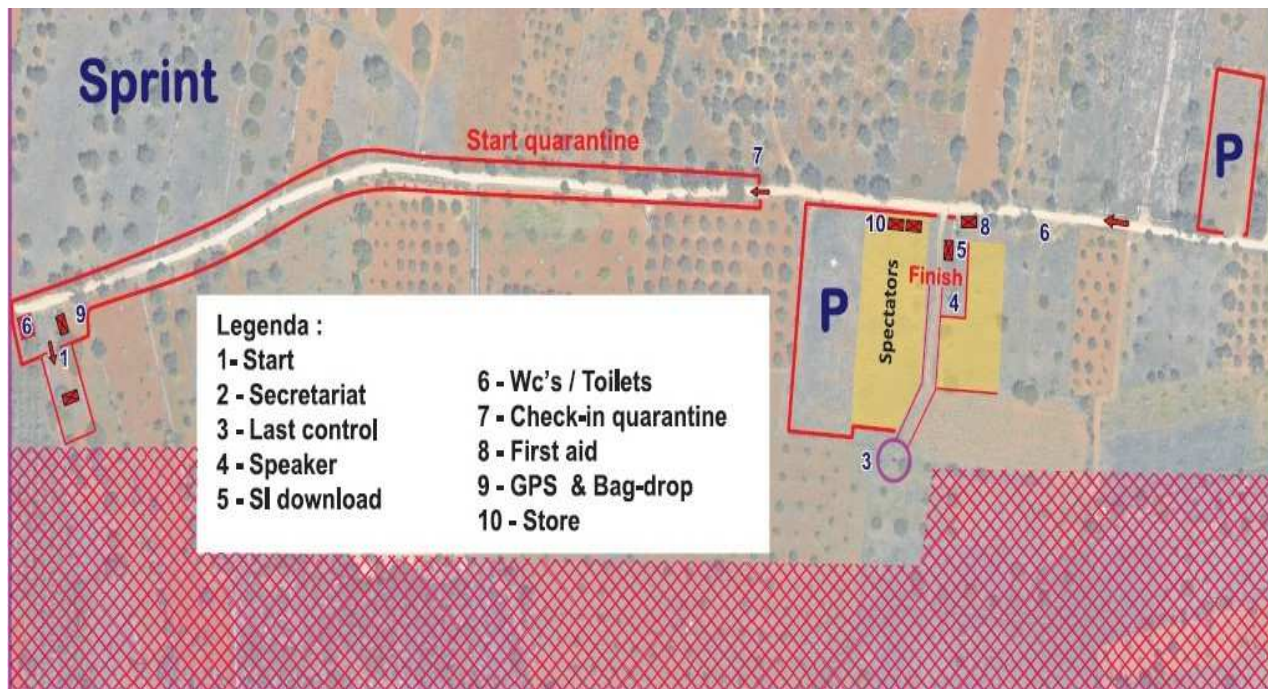

- In box 1 you have the SIAC-check.
- In box 2 you have the SIAC-tested.
- In box 3 you take your map (it is your responsibility to take the correct map).

After time start you have to follow a mandatory route to the start point which is marked by a flag in the terrain.
